

My family has always been surrounded by dogs. My uncle used to keep Newfoundlanders. But my first bull terrier type breed that brought me to involvement in the sport of purebred dogs was a brindle bull terrier female. That was in the mid 80's and a few years later, under strange circumstances, I got involved with AST which has become my passion and fills me with so much joy.

My story as a breeder begins with AST with the background of R & D kennel from Texas and Barbarycoast dogs that were tightly line bred to the famous dogs of Fred Sindelar's.

Soon after that, I registered my kennel name "Royal Nobleman's". My motto is quality before else, which means health and temperament on the first place. My dogs are representing my kennel in all parts of the world. My influence in Spain and Russia stands out the most.

I think it is a natural progression to go from breeding to judging.

I am an international FC judge for the following groups: 2, 3, 5, 8 and 9. I have traveled all around the world thanks to my hobby. Learning about new cultures, languages, meeting interesting people and going over beautiful dogs is the most precious part of it. I had the fortune to judge on different continents of the world. So far, I was judging in Spain, Poland, Germany, Austria, France, Russia, Japan, Israel, Croatia, Serbia, Slovenia, Slovakia, Ukraine, Cyprus, Latvia, Hungary, Mexico, USA, Australia and South Africa .

I am also an approved AKC judge for conformation to me it was a big honor to judge Devon in 2017, one of the shows of the prestigious Montgomery County weekend.

In the last few years I also started to hold seminars about Bull Terrier Type Breeds for breeders, judges, owners, etc.

And I am very proud of Amstaff Major AST World Specialty that I am running together with one of my best friends, Mirko Popović. Amstaff Major has become one of the most recognizable breed specialties in the world.
